

National Collegiate 4-H Advocacy Team

A committee of the Collegiate 4-H National Action Board

Advocacy Team Update

Banner

- The banner is being printed as will speak and will be ready for Jess's trip

Power point

- We are still missing info from several NAB members.
- Please be aware that if nothing is made for your regions, then your region will not be included in the slide show at all. I feel it to be inappropriate for there to be a blank slide for a region, as well as unprofessional for a national organization, and I will not make up slides for your region.

Short Version

- The shorter version of the slide show is still being designed, but will more than likely use slides from the long show.

Handbooks

- We are still waiting on Jess to send us the materials to start work on this project as it was decided that this project fell under the advocacy umbrella

Brochures

- The brochures are on hold until I can get time to revamp them. This is of course my fault, but they will be ready by the August meeting, I just haven't had the time between my work schedule and class to put them together.

Newsletters

- We need info from the conference so that it can be sent out to the general membership as soon as possible. We have a lot of material to cover in this newsletter, and I would like to get them sent out by the end of the month, but in order to do that I need info from NAB.

Service Projects

- We are waiting for the projects to be ready for advertisement.

What we need from NAB

- We need a more defined duty list for Advocacy team as we could technically fall into doing all of the work of the organization right now.
- What Nab would like to see come out of the committee and how NAB plans to contribute to these endeavors.
- Promotion ideas for the organization as a whole.
